WISE CRACKS COMEDY SERIES

@#%!

Founded in 2014 in the vibrant city of Nashville, TN, our comedy company has become a comedic powerhouse, leaving a trail of laughter across the southeastern United States and beyond. With a diverse roster featuring nationally touring comedians, internet sensations, and cherished local favorites, we've brought joy to over 150,000 people through our countless shows.

Having collaborated with hundreds of venues and comedians, we take pride in our ability to seamlessly adapt to any setting. Whether walking into a pre-existing venue or transforming a space into a comedy haven with our state-of-the-art production equipment, versatility is our hallmark.

Notably, our achievements include hosting the legendary Dick Gregory and pioneering a platform for internet-based talent. We've consistently pushed the boundaries, introducing fresh faces to the comedy scene and fostering an ever-growing fan base. Our commitment to showcasing emerging talent has not only entertained but has also proven lucrative for the venues and establishments we partner with, garnering them both immediate and residual support.

In every performance, our well-rounded approach ensures that we cater to diverse crowds and demographics, leaving a lasting impression of laughter and joy wherever our comedic journey takes us.
